## EXPERIENCE

### Freelance Full Stack Web Developer, York ME

Mar 2015 - Present

As a freelance full-stack web developer with over 20 years of experience, I have a proven track record of delivering custom, dynamic, data-driven web applications for clients. Specializing in WordPress development, I am proficient in PHP, HTML, MySQL, JavaScript, jQuery, CSS, and Adobe Suite. I have 10 years of experience customizing WordPress, building custom themes and plugins from scratch including Gutenberg blocks. One of my plugins is listed in the wordpress.org plugin directory. Some of the projects I have worked on include custom e-commerce platforms, real estate websites, insurance processing sites, content management systems, surveys, and many more. I am also experienced in SEO, and WCAG, git and svn. My technical expertise and passion for delivering high-quality solutions has allowed me to consistently exceed client expectations and deliver impactful results. You can view my portfolio and some custom wp plugins at <https://cpauljarvis.com>

### Jarvis Custom Solutions, Newmarket, NH — Web/App Developer

May 2006 - Mar 2015

Owner/developer who specialized in custom web development for small businesses, I offered a unique combination of strong customer service, expert project development and management, and technical expertise. With a focus on creative problem-solving, I brought a wealth of experience to each project and worked closely with clients to understand their specific needs and goals. I was dedicated to delivering high-quality web solutions that drove business success.
